### ***The Rooster Games***

On Friday, April 15th, the fifth graders from WLC and SFE will be gathering to battle it out in the Annual Rooster Games Competition. This marks the culmination of a whole year's worth of specific reading for our fifth graders. At the beginning of the year, they were challenged to read/listen to books from the Rhode Island Children's Book Award 2016 nominees list. And now the time has come to put all that knowledge to the test! Participants will compete in ten different games, all centered around these books. Each student has been placed on a color-coded team and is asked to wear their team colors on the day of the competition. Members will move along with their teams to various locations in the school, competing all along the way.....and this is where YOU come in! We are in need of volunteers to help the competitors to each event. We need referees to keep everybody honest. We need judges to help tally the scores and time keepers to keep us on track. But perhaps you won't be available the day of the competition. Then maybe you would consider donating some juice or a pre-packaged snack.....because thinking makes kids VERY HUNGRY! And once the competition has concluded, we invite you to join us all in the cafeteria for a pizza lunch~~I told you they get hungry!!

If you are willing to donate or volunteer your help, please either drop me an email at mansolfs@bsd-ri.net or fill out and return the form attached at the bottom of the page. We will need about 10 volunteers to ensure everything runs smoothly.

The Rooster Games are really a great way for our fifth graders to interact and show off a little of what they have learned this year!

As always, we appreciate all you do to help make these activities at Callahan fun and successful!
